

Getting Started with ECT

7/24/08

Staging Website

➤ https://fgiss.gipsa.usda.gov/default_home_FGIS.aspx

The screenshot shows the USDA Staging website interface. At the top left is the USDA logo with the text "United States Department of Agriculture" and "Grain Inspection, Packers & Stockyards Administration". To the right is the word "Staging" in a stylized orange font. Below the header is a banner with several small images of agricultural scenes. A navigation bar contains links for "Home", "About GIPSA", "Help", "Contact Us", and "Login". On the left side, there is a "Search" box and a "Browse by Subject" menu. The "Browse by Subject" menu is expanded, showing "GCBS Menu", "FGIS Menu" (which is highlighted), and "P&SP Menu". Under "FGIS Menu", there are sub-items: "Inspection Data WareHouse (IDW)", "Certificates (CRT)", "Delegations, Designations and Export Registrations (DDR)", and "Equipment Capability Testing (ECT)". To the right of the menu, there is a "You are here:" breadcrumb trail and a list of choices: "Inspection Data WareHouse (IDW)", "Certificates (CRT)", "Delegations/Designations and Export Registrations (DDR)", and "Equipment Capability Testing (ECT)". At the bottom of the page, there is a footer with the text "GIPSA | USDA.gov" and a series of links: "FOIA | Accessibility Statement | Privacy Policy | Non-Discrimination Statement | Information Quality | FirstGov | White House".

You are here: **FGIS Forms** 1.0.5

Equipment Capability Testing is the home of the equipment check testing program. This program replaces a paper based system and validates the official inspection and weighing equipment's capability to accurately test grain quality and quantity. The following equipment is included:

- Laboratory Scale
- Moisture Meter
- Barley Pearler
- Hand Sieve (Wheat and Barley)
- Rice Equipment (Dockage, Sheller, Miller)
- Test Weight
- Dockage
- Mechanical Sampler
- Bulk Scale (Hopper)
- Bulk Scale (Railroad Track)
- Bulk Scale (Vehicle)
- Falling Number
- Mycotoxin
- NIRT

Users wishing to use a worksheet for recording results during testing may use the forms that are found below.

Form	Title	Format
FGIS-904	Laboratory Scale Test	xls
FGIS-923	Moisture Meter Test	xls
FGIS-924	Barley Pearler and Sieve Test	xls
FGIS-925	Rice Checktest Form	xls
FGIS-927	Testweight Checktest	xls
FGIS-928	Dockage Checktest	xls
FGIS-936	Sampler Condition Report	xls
FGIS-965	Scale Test Report (Hopper)	xls
FGIS-965-1	Scale Test Report (Railroad Track)	xls
FGIS-965-2	Scale Test Report (Vehicle)	xls

Note: If you have any problems opening these forms in your web browser, right click the form name and save it to your hard drive or desktop. Then open the saved version of the form with Acrobat or Acrobat Reader.

Quick Start Tips

Popup blocker

- **Service point and equipment searches bring up new small windows so set popup blocker to off.**
- **Popup Blocker can cause some inconsistent results.**

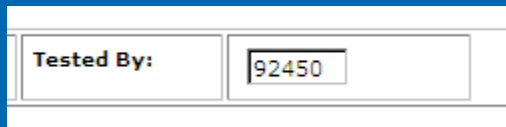

Session Timeouts

- eAuthentication can timeout from inactivity and require new login
- ECT can timeout and while a new login is not needed you would have to navigate back to the record you were on and some data could be lost.
- **TIP: Save work frequently**

The screenshot displays the USDA GIPSA website interface. At the top left is the USDA logo and the text "United States Department of Agriculture Grain Inspection, Packers & Stockyards Administration". At the top right is the word "Staging" in orange. Below the header is a navigation bar with links for "Home", "About GIPSA", "Help", "Contact Us", and "Logoff". A search bar is located on the left side of the page. The main content area features a message: "You are here:" followed by a red bar and the text "Either your previous session has timed out or you must begin a new one. To continue please click on one of the links in the left menu." The left sidebar contains a "Browse by Subject" menu with the following items: "GCBS Menu", "FGIS Menu" (highlighted), "Inspection Data Warehouse (IDW)", "Certificates (CRT)", "Delegations, Designations and Export Registrations (DDR)", "Equipment Capability Testing (ECT)", and "P&SP Menu". At the bottom of the page, there is a footer with links for "GIPSA | USDA.gov", "FOIA | Accessibility Statement | Privacy Policy | Non-Discrimination Statement | Information Quality | FirstGov | White House".

Use of license numbers

- Screens use license numbers for data entry of who ran the check test. Enter in Results by or Tested by

A screenshot of a web form. It features a label 'Tested By:' followed by a text input field containing the number '92450'. The form has a light gray border and is set against a white background.

- ECT validates license numbers against QAQC
- Will validate license numbers against FOL when FOL released.
- Keep commonly used numbers handy.

Name	License Number

Quick Look at Main Screens

ECT Home

- Standard format
- Same choices at far left and at bottom
- Additional links available at bottom

The screenshot displays the ECT Home web application interface. At the top left is the USDA logo with the text "United States Department of Agriculture" and "Grain Inspection, Packers & Stockyards Administration". To the right is the word "Staging" in orange. Below the header is a horizontal banner with six small images: a field, corn stalks, a field, a close-up of grain, a person in a hard hat, and a field. A navigation bar contains links for "Home", "About GIPSA", "Help", "Contact Us", and "Logoff". Below the banner, the breadcrumb "You are here: ECT Menu" and the version number "1.0.5" are visible. A green bar highlights "Checktest Home". The main content area includes a "Search" box, a "Search for Checktest" link, a "Browse by Subject" menu with options for "Equipment", "Reports", "E-mail Distribution Lists", and "Administration", a "Create New Checktest" dropdown menu, a "Search For Existing Checktest" link, and a "Search By Test Reference No." field with an "Open" button. Below these are links for "Equipment", "Reports", "E-mail Distribution Lists", and "Administration". At the bottom, a footer contains links for "GIPSA | USDA.gov", "FOIA | Accessibility Statement", "Privacy Policy", "Non-Discrimination Statement", "Information Quality", "FirstGov", and "White House".

ECT Equipment Menu

- Add new equipment
- View/Edit equipment
- See approved equipment list
- Only Administrators can add new equipment types and new approved equipment

The screenshot displays the USDA GIPSA website interface. At the top, the USDA logo and 'United States Department of Agriculture Grain Inspection, Packers & Stockyards Administration' are visible, along with the 'Staging' label. A navigation bar includes links for Home, About GIPSA, Help, Contact Us, and Logoff. The main content area features a breadcrumb trail 'You are here: ECT Menu > Equipment Menu' and a version number '1.0.5'. A green header bar reads 'Equipment Menu'. Below this, a list of actions is provided: 'Create New Equipment', 'View Equipment', 'Create New Approved Equipment', 'View Approved Equipment', 'Create New Equipment Type', and 'View Equipment Types'. A sidebar on the left contains a search box and a 'Browse by Subject' menu with options for 'ECT Home', 'Reports', 'E-mail Distribution Lists', and 'Administration'. At the bottom, a footer contains links for GIPSA, USDA.gov, FOIA, Accessibility Statement, Privacy Policy, Non-Discrimination Statement, Information Quality, FirstGov, and White House.

Reports Menu

- Links to on demand reports

The screenshot shows the USDA GIPSA website's Reports Menu. At the top, the USDA logo and text 'United States Department of Agriculture Grain Inspection, Packers & Stockyards Administration' are visible, along with the 'Staging' label. A navigation bar includes links for Home, About GIPSA, Help, Contact Us, and Logoff. The breadcrumb trail reads 'You are here: ECT Menu > Reports Menu' and the version number '1.0.5' is shown. The main content area is titled 'Reports Menu' and lists several report types: Equipment Status Report, Checktest Status Reports, Individual Equipment Information Reports, Individual Checktest Export Reports, Label Printing Export Reports, Falling Numbers Export Reports, Mycotoxin Export Reports, and NIRT Bias Log Export Reports. A sidebar on the left offers a search function and a 'Browse by Subject' menu with options for ECT Home, Equipment, E-mail Distribution Lists, and Administration. A footer at the bottom contains links for GIPSA | USDA.gov, FOIA, Accessibility Statement, Privacy Policy, Non-Discrimination Statement, Information Quality, FirstGov, and White House.

ECT Equipment Menu

- Add new equipment
- View/Edit equipment
- See approved equipment list
- Only Administrators can add new equipment types and new approved equipment

The screenshot displays the USDA GIPSA website interface. At the top, the USDA logo and the text "United States Department of Agriculture Grain Inspection, Packers & Stockyards Administration" are visible. Below this is a navigation bar with links for Home, About GIPSA, Help, Contact Us, and Logoff. A breadcrumb trail indicates the current location: "You are here: ECT Menu > Equipment Menu". The version number "1.0.1" is also present. The main content area features a green header for "Equipment Menu" and a list of actions: "Create New Equipment", "View Equipment", "Create New Approved Equipment", "View Approved Equipment", "Create New Equipment Type", and "View Equipment Types". A sidebar on the left provides a "Search" section with a "Search for Checktest" option and a "Browse by Subject" section with links to "ECT Home", "Reports", "E-mail Distribution Lists", and "Administration". The footer contains links for "GIPSA | USDA.gov", "FOIA", "Accessibility Statement", "Privacy Policy", "Non-Discrimination Statement", "Information Quality", "FirstGov", and "White House".

Add New Equipment

- **Must select and approved equipment type and make or model**
- **Select specific piece of approved equipment**

You are here: ECT Menu > Equipment Menu > Create Equipment 1.0.2

Create Equipment

Search for Approved Equipment.

E-MAIL USES

- 1. An email is generated by the standard user each time they submit a record using a sample. For example Dockage, Sieves, and Moisture but not Lab scales**
- 2. An email is generated by the test user each time a sample using test fails. This lets the standard user who sent the sample know that there was a problem.**

So not all tests generate emails at this time. The email administration is set up showing email addresses for all equipment types in case we add email functionality in the future.

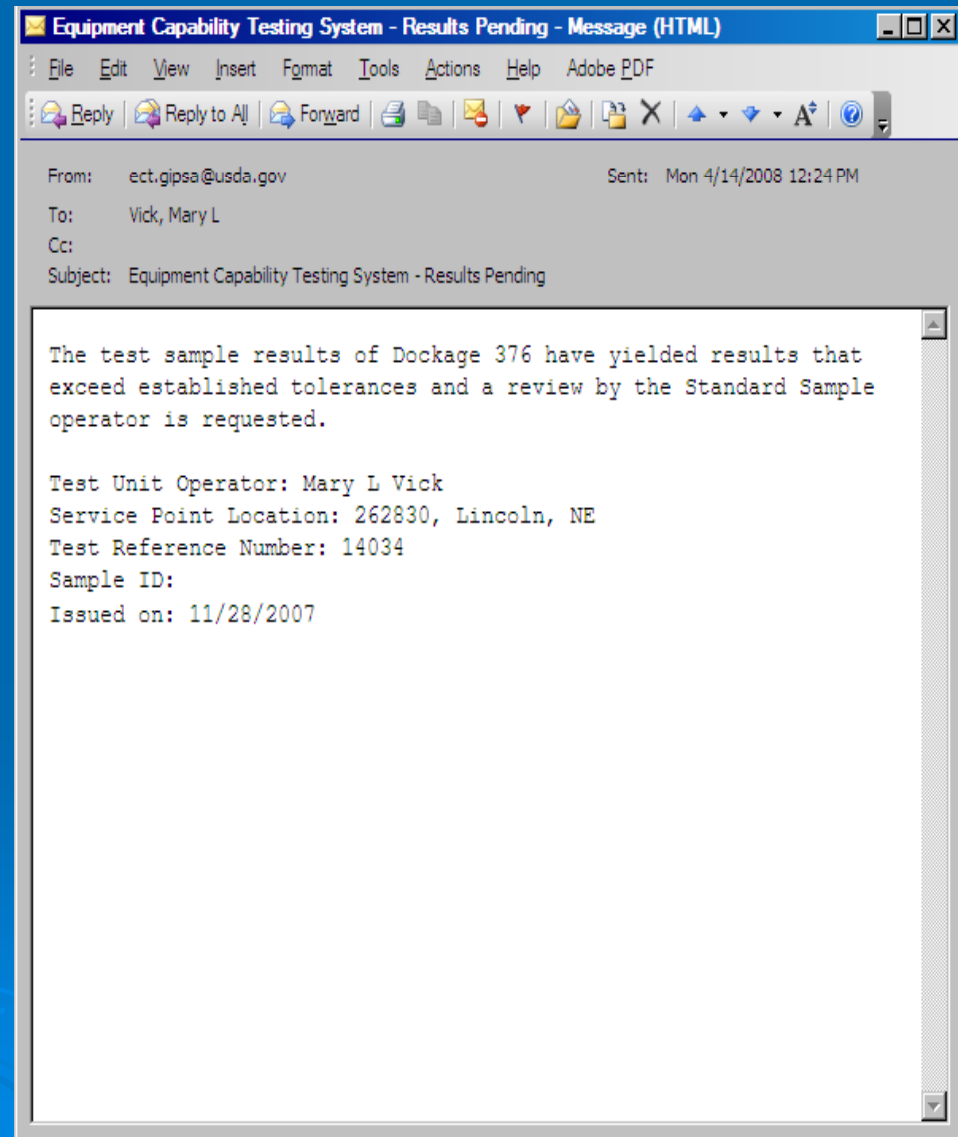

Notice of Sample Mailed

- This lets the recipient know a sample is in the mail.

Notice of Test Failure

- **When test using a sample fails the originator of the sample is sent an email with the TRN.**

Reports Menu

- Links to on demand reports
- Select Type of report

The screenshot shows the USDA GIPSA website's Reports Menu. At the top, the USDA logo and text 'United States Department of Agriculture Grain Inspection, Packers & Stockyards Administration' are visible. Below this is a navigation bar with links for Home, About GIPSA, Help, Contact Us, and Logoff. A search bar is located on the left side of the page. The main content area is titled 'Reports Menu' and lists several report types: Equipment Status Report, Checktest Status Reports, Individual Equipment Information Reports, Individual Checktest Export Reports, Label Printing Export Reports, Falling Numbers Export Reports, Mycotoxin Export Reports, and NIRT Bias Log Export Reports. A sidebar menu on the left allows users to browse by subject, including ECT Home, Equipment, E-mail Distribution Lists, and Administration. The footer contains links for GIPSA, USDA.gov, FOIA, Accessibility Statement, Privacy Policy, Non-Discrimination Statement, Information Quality, FirstGov, and White House.
